GREENTech
Global Recycling

Specializing in processing high-speed steel and carbide scrap solids, turnings and sludge.

ABOUT US

The GreenTech Global Recycling company reclaims used metal and scrap for the purpose of processing into new metal. GreenTech buys back used cutting tools, metal chips and sludge which are industry specific. GreenTech’s parent company is Top-Eastern Group (TDC). Top-Eastern Group mills high-speed steel used in the manufacturing of cutting tools and other metal components.

PARTNERSHIP

Greenfield Industries, also a subsidiary of Top-Eastern Group, manufactures precision high-speed steel and carbide cutting tools. It has been leading in the cutting tool industry for over 100 years. Greenfield employs over 300 people in the US and Canada. Greenfield’s manufacturing and corporate headquarters are located in Seneca, SC.

COMMUNITY

GreenTech pays above market value for your used high speed or carbide tools, chips or sludge. GreenTech pays for all shipping costs and there are no processing fees. 5 gallon pails or 55 gallon drums are supplied for your material. Once full, GreenTech will provide shipping instructions. (There is a minimum of 3 pails to return).

Once material is received, it is sorted by material grade and weighed. GreenTech then issues a credit memo or check for the material within 2 weeks. You are then resupplied with pails or a drum.
