

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

CATEGORY	BRANDS	RANGE OF PRODUCTS
Body Armor	5.11 Tactical, GH Armor, Blackhawk, United Shield	<p>Grainger offers an extensive array of body armor at excellent prices. With over 1,300 choices, find the tactical vest, cutaway armor, carrier vest and specific body part protective armor that can fit your needs. Help ensure security and police officers stay as safe as possible on the job.</p> 
Duty Belts and Harnesses	5.11 Tactical, ASP, Blackhawk, Gould & Goodrich, Heros Pride, Proper, Tru-Spec, Uncle Mike's, Vertx	<p>If you work in security or law enforcement, you know how important duty belts and harnesses can be to your job. Grainger carries durable duty belts that can securely hold multiple pieces of equipment and keep everything within easy reach. Webbed nylon harnesses can keep a heavy, well-equipped belt comfortably in place. You'll find high-quality duty belts and harnesses that can stand up to the critical work you do at Grainger.</p> 
Hats	Heros Pride, Tru-Spec	<p>Hats are available in a wide range of sizes, styles, and functionality to suit a broad range of applications. Whether you're shopping for reliable range hats or multi-purpose tactical hats, Grainger has the headgear you need at a price you can afford. Crafted from modern materials and precision crafted for resilience and durability, our portfolio of hats provide comfort, breathability, and durability.</p> 
Rainwear	Helly Hansen, Occunomix, 5.11 Tactical, Viking, Tingley, Bullwark, MCR Safety, Nasco, Work King	<p>Rainwear sheds water to keep people dry while working outdoors in the rain. These garments are typically worn over clothes to form a protective waterproof layer. Rain suits, jackets, coats, pants, overalls, and ponchos can be worn separately or combined to get the desired coverage. Flame-resistant rainwear protects against water as well as flames in areas with fire hazards.</p> 
Rubber Boots & Waders	Tingley, Honeywell Servus, Talon Trax, Viking, Dunlop, Baffin, Muck Boot Company, Xtratuf	<p>Rubber boots and waders are worn over socks to keep feet dry when they are in continuous contact with water or chemicals. Hazardous materials (hazmat) boots protect feet from corrosive chemicals and are often used by emergency response teams or workers in chemical processing. Winter, cold-insulated boots keep feet warm and dry in wet and freezing temperatures. Waders extend to the hip or chest to keep feet dry when working in deep water.</p> 
Shoe & Boot Covers	DuPont, International Enviroguard, Kimberly-Clark, Tingley, Condor, VR Imagewear	<p>Shoe & boot covers protect feet & shoes from chemical damage & keep contaminants from being tracked into cleanrooms and labs.</p>

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

<p>Socks & Liners</p>	<p>5.11 Tactical, Carhartt, Fruit of the Loom, HCS, Heat Holders</p>	<p>Socks and boot liners provide a barrier between the foot and the boot or shoe to keep feet warm and prevent sores caused by rubbing. Thermal socks are worn in cold weather conditions to provide more insulation than general use socks. Compression socks help improve circulation. Slip-resistant socks are worn without shoes and have an anti-slip surface to help maintain good footing on slippery surfaces.</p>	
<p>Tactical Boots</p>	<p>5.11 Tactical, Bates, Oakley, Propper, Reebok, Thorogood</p>	<p>Tactical boots are designed for professionals who put their lives on the line every day at work. A flexible choice for law enforcement, firefighters, military, EMS personnel, tactical operators, and more. Tactical boots are designed to handle rugged terrain while still offering breathability. They feature non-slip traction for use in the mud, on rocks, or over other hazardous terrains. These boots come in a variety of styles and sizes, including both women's tactical boots and men's tactical boots. Some just lace-up, and others have side zippers that allow you to take them on and off your foot quickly. These boots come in various heights for more ankle support. Tactical boots are available in several colors like brown, coyote, sage green, gray, desert tan, and black, to match any uniform requirement.</p>	
<p>Tactical Pouches</p>	<p>5.11 Tactical, Airtek, ASP, Barska, Blackhawk, Gould & Goodrich, Heros Pride, Uncle Mike's, Vertx</p>	<p>Shop tactical pouches from Grainger. No matter how you set up your duty rig, you'll find items here that can help keep the tools of your trade organized and easily accessible. Find pouches that can hold live and spent magazines, mace, lights and radios, gloves, handcuffs and more.</p>	
<p>Tactical Vests</p>	<p>5.11 Tactical, Barska, Blackhawk, GH Armor, Propper</p>	<p>Grainger is a leading supplier of tactical vests and other body armor at great prices. Quickly and easily find protective armor that can fit your security management and law enforcement needs. Grainger offers a variety of tactical vests in an array of colors, sizes and functions to help meet your mission and other personal security needs.</p>	
<p>Uniform Accessories</p>	<p>Blackhawk, Gould & Goodrich, Heros Pride, Propper</p>	<p>Grainger provides uniform accessories, ideal for security management and law enforcement personnel. Our accessories include everything you need to make wearing uniforms more comfortable and adjustable. Shop for elastic shirt stays, rubber shirt keepers, collar extenders, tie bars and more to look your best on the job. Most products are adjustable, putting the wearer in control.</p>	

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

[Uniform Patches, Emblems & Insignia](#)

ASP, GH Armor, Heros Pride

Show off your patriotic side with our uniform patches and emblems that put Old Glory on display. Browse through other memorabilia that pays homage to the American military, law enforcement and other government agencies. Our products are excellent for those in the government, military, and add a layer of patriotism to any uniform.

[Uniforms](#)

5.11 Tactical, Propper, ASP, First Tactical, Cobmex, Horace Small, Tru-Spec, Vertx, Flying Cross

Police and EMT uniforms are worn by law enforcement officers, firefighters, and emergency medical technicians. Jackets and parkas protect staff from rain and cold weather. Matched pants, shirts, and shorts help civilians identify law enforcement officers and public safety personnel.

[Access Barriers & Crowd Control](#)

Rubbermaid, Queueway, Retractable, Ironguard, Tensabarrier

Access barriers and crowd control supplies keep order at events, municipal services, or in areas with heavy foot traffic. Portable belt barriers, plastic chain barriers, and rope barriers guide pedestrians or temporarily block access to aisles, doorways, and walkways. Wall-mounted retractable barriers restrict access without taking up floor space. Barricades and portable safety barriers direct traffic and block access to hazards or equipment. Gates block access to property, and turnstiles manage and count pedestrian access to buildings or events.

[Ballistic & Riot Shields](#)

United Shield, GH Armor, Paulson, Secpro

Whether you're controlling a crowd, engaging in tactical simulation or out in the field, ballistic and riot shields are your first line of defense. Used by tactical teams, ballistic protection shields help deflect bullets and other projectiles aimed at the carrier. Law enforcement professionals can find riot shields that are specially designed for crowd control situations.

[Ballistic Helmets](#)

Revision Military, United Shield

Browse Grainger for a range of Ballistic Helmets. Ballistic Helmets provide head protection in dangerous working environments, and are commonly used amongst law enforcement officials. Call or click today to place your order.

[Batons](#)

ASP, Guard Dog Security, Secpro

Grainger carries a wide variety of batons designed as impact tools that are ideal for law enforcement and military personnel. They offer an easy-to-carry expandable reach and many come with features such as rubberized grips. When it comes to your law enforcement needs, shop Grainger for steel batons available in a variety of lengths and diameters.

If nighttime observation is in the mix, check out the night vision monoculars.</p>	
<p><u>Body Camera Systems</u></p>	<p>Digital Ally</p>	<p>Body camera systems include a body camera, also known as a body worn video (BWV), body-worn camera, or wearable camera. Body cameras are utilized mostly by law enforcement personnel to provide an audio, video, and photographic record of policing procedures.</p>	
<p><u>Detectors & Scanners</u></p>	<p>Barska, Fisher Research, Garrett Metal Detectors, Metal Defender</p>	<p>Metal detectors and scanners are designed to enhance the safety and security of your facility by allowing you to perform non-invasive body searches, check packages and locate metal in the ground or underwater. Shop Grainger for handheld, ground search and walk-through metal detectors. Fine tune your frequency with calibration tools and analyzers and keep your device running during emergencies with batter backups.</p>	
<p><u>Evidence Bags & Collection Kits</u></p>	<p>Cortech, Kapak</p>	<p>Get top-quality evidence bags and collection kits from Grainger delivered right to your door. Find sketching kits, evidence pouches, inmate money bags, gunshot residue collection kits, pull-tight locking seals and more here. Items are easy to order online and ready to ship. Help ensure officers have what they need to get their important work done. Stock up today on security management and law enforcement supplies, including evidence bags and collection kits, at Grainger.</p>	
<p><u>Evidence Markers</u></p>	<p>Cortech</p>	<p>Help protect the integrity of a crime scene and keep the evidence organized with evidence markers from Grainger. These markers can be essential components of crime scene management. Choose from a variety of bright, easy-to-see colors marked with numbers and letters to help you categorize evidence. Check out Grainger's selection of evidence markers today.</p>	

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

<p>Evidence Storage Lockers</p>	<p>Sentinel</p>	<p>Browse through our supply of evidence storage lockers. Our storage lockers are suitable to be used in law enforcement and security management settings. You can count on them to store evidence in every phase of the law enforcement process without tampering with the evidence. They are composed of cold-rolled steel, which features a high level of security. Choose from a range of compartments. We offer nonpass-through and pass through doors and keyless locking.</p>	
<p>Fingerprint Stations</p>	<p>Cortech</p>	<p>Grainger carries convenient portable fingerprint stations so law enforcement officers, human resource professionals and others can easily take them wherever they're needed. An ink roller palm printer can provide complete handprints. Whether fingerprints are needed for employment background checks or for other purposes, find fingerprint stations that can handle the job at Grainger.</p>	
<p>Forcible Entry Tools</p>	<p>5.11 Tactical, Blackhawk, Council Tool, S.E.T. Tools, Stanely</p>	<p>Grainger offers forcible entry tools. Pry and breach your way through doors and other fixtures that won't budge with our vast supply of forcible entry products. Browse through tool kits, grip forcible entry tools, hammers, battering rams and more. Our bolt cutters are potent enough to cut through the toughest materials such as chain link fences, cables, security chains and hardened locks. Break through glass with our break n' rake tool or breach through a number of surfaces with our tactical entry tool kit. Our tools are made to rupture heavy-duty exteriors and can be used by a number of fire and rescue professionals.</p>	
<p>Gas Mask Canisters</p>	<p>3M, Avon Protection, Honeywell North, MSA, Scott Safety</p>	<p>Gas mask canisters remove poisonous chemicals and bacteria to provide breathable air.</p>	
<p>Gas Masks</p>	<p>3M, Avon Protection, Honeywell North, MSA, Scott Safety</p>	<p>Gas masks protect the face and filter the air where there is exposure to harmful chemicals and toxins.</p>	

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

<p>Folding Knives</p>	<p>5.11 Tactical, Gerber, ASP, Benchmade, Blackhawk, Buck Knives, Camillus</p>	<p>Choose from single-bladed smooth-edge or serrated knives, a double-bladed knife with fine edge and clip-point blades, a 5-blade field dressing knife and many more pocket knives. Whether you work indoors or outdoors, keep a versatile folding knife or pocket knife from Grainger at your disposal.</p>	
<p>Laser Sights</p>	<p>Barska, Steiner</p>	<p>Let Grainger help you take aim with a selection of laser sights designed for use on most firearms. Red beams are best used in low light applications where the target surface is within 20 feet of the user. Green beams are ideal for use in long range applications and bright lighting. When it comes to accessories for your firearms, shop Grainger.</p>	
<p>Night Vision Devices</p>	<p>ATN, Bushnell, Carson</p>	<p>Turn to Grainger for a large selection of night vision devices suitable for a wide variety of applications from law enforcement and military to hunting, surveillance and navigation. Choose from night vision goggles and monoculars featuring weather resistant construction and a range of magnification settings to meet your needs. Shop Grainger for night vision devices today!</p>	
<p>Military, Police & Tactical Gloves</p>	<p>5.11 Tactical, Damascus, Ironclad, Mechanixwear, Oakley, Petzl, Ringers, Secpro, Youngstown Glove</p>	<p>Military, police, and tactical gloves are made of durable and flexible materials to protect workers who encounter a variety of hazards. Gloves with coatings and additional features (such as impact- and cut-resistance) protect against multiple hazards.</p>	
<p>Rifle Scopes</p>	<p>Barska, Steiner, Sig Sauer, Steiner</p>	<p>Grainger presents a wealth of rifle scopes to achieve a desirable view of your target, increasing your chances of hitting it. Regardless of the potency of your rifle, a rifle scope is immensely beneficial, as it allows you to clearly see your targets. Our line of rifle scopes will place a far-flung target into plain view, maximizing your chances of a hit without giving up your hiding spot and safe distance. Our scopes offer various magnifications to directly meet your magnifying needs. Browse through mild magnifications of 1-2x, or opt for stronger ones of up to 26 x. And shop Grainger for rifle scope accessories to enhance and protect your rifle scope.</p>	
<p>Rifle Stocks & Slings</p>	<p>5.11 Tactical, Barska, Blackhawk, Butler Creek, Uncle Mike's</p>	<p>Help keep your law enforcement team safe with rugged rifle stocks, slings, swivels and more from Grainger. This gear is designed to help law enforcement officers perform their duties comfortably and quietly when faced with dangerous tactical situations. Shop Grainger today to find high-quality rifle stocks, durable slings and smooth-operating swivels for your team.</p>	

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

[Riot Gear](#)

Secpro, Damascus, Paulson, United Shield, GH Armor

Riot gear is designed to ensure safety for law enforcement officers and tactical team members in critical assault situations.

[Shooting Range Targets](#)

LE Targets

Grainger carries a large selection of shooting range targets to help train law enforcement, military personnel and government agencies for action. Choose from bulls eye and sighting targets, state specific, situational, combat and training targets and more to help you practice hand/eye coordination with your firearm. For your security management and law enforcement needs - shop Grainger for shooting range targets today.

[Tactical Assault Packs](#)

5.11 Tactical, ASP, Barska, Blackhawk, Cortech, Guard Dog Security, Oakley, Propper, Tru-Spec

Take a look at the wide selection of tactical assault packs at Grainger. Whether you're looking for a large combat backpack or small over-the-shoulder pouch, you'll likely find what you need here. Check out the wide selection of tactical assault packs in many different colors including black and multiple camouflage styles. Get the pack that can fit your mission at Grainger today!

[Thermal Imaging Cameras](#)

Avon Protection

Thermal imaging cameras can be an important element in any security system. Let Grainger show you how these specialized cameras can expand your view beyond the visible and help keep your home or business safe. Security imaging systems are a smart investment, giving you a wider view at a reasonable cost. Shop Grainger today for top-quality thermal imaging cameras to help keep properties secure and people safe.

[Training Weapons](#)

ASP

Training guns provide realistic training replicas of actual law enforcement equipment. They are lightweight, forgiving in the training environment and durable for continuous training use. Precision molded guns fit high security law enforcement duty holsters. They provide a safe means of training law enforcement personnel to handle, transport, retain and present firearms. In every significant training detail, these training guns replicate the exact appearance and handling characteristics of duty firearms.

[Two Way Radios & Police Scanners](#)

Cobra, Uniden, Motorola, Kenwood, Midland, Ritron, Standard Horizon

Two-way radios, police scanners, and vessel automatic identification systems are real-time communication devices. Two-way radios allow people to listen and talk to one another across a dedicated radio channel. Police scanners receive communication from law enforcement, fire, and medical emergency services. Vessel automatic identification systems allow boats to receive and transmit identification information such as vessel names and location.

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

[Weapon Cases & Bags](#)

5.11 Tactical, Barska, Blackhawk, Plano Molding, Plano Tactical, Propper, Uncle Mike's, Pelican

Grainger carries a variety of gun cases and bags, including rifle and pistol cases, to help meet your safe gun storage and transport needs. Whether you are looking for a hard case or soft bag for a rifle or pistol, Grainger offers many choices to help keep your weapon protected from the elements and safer and easier to carry. Hard cases and soft bags offer a variety of sizes to help you find the right one for your weapon. Shop Grainger for durable weapon cases and bags today!

[Weapon Storage Cabinets](#)

Stack-On, Sentinel

Sift through our various offerings of weapon storage cabinets. Grainger is the place to go for the security and law enforcement trades seeking out products to maximize security and maintain a well-stocked locker. Our products include varieties of lockers and cabinets, designated to securely hold your arms and weaponry. Store pistols, carbines and rifles. Sturdy and strong, our cabinets can handle a multitude of weapons and are available in various sizes and drawer amounts. Shop Grainger today!

[Batteries & Battery Chargers](#)

Duracell, Energizer, Rayovac, Dayton

Batteries and battery chargers provide power and portability to electrical devices and equipment. Original equipment manufacturer (OEM) batteries can replace manufacturer-specific batteries in compatible devices such as cordless tools, lanterns, and two-way radios. Disposable, household batteries are commonly used in low-drain devices such as flashlights, remote controls, clocks, and smoke detectors. High-performance batteries provide increased capacity to handle spikes in power demand from high-drain devices such as digital cameras, thermal imagers, digital audio, drones, video game controllers, GPS equipment, and keyless entry systems. Rechargeable batteries can be used repeatedly without the need for constant replacement. Battery chargers replenish the power of depleted rechargeable batteries.

[Handheld Flashlights](#)

Maglite, Streamlight, Pelican, Princeton Tec, Surefire, Fenix Lighting, Bright Star

Use handheld flashlights from Grainger for any number of industrial, military and security applications. Rugged, waterproof military and tactical flashlights can withstand hazardous situations. Police often employ a UV flashlight at crime scenes. LED flashlights can offer long life and reliability, while xenon flashlights can be brighter and even more energy efficient. Choose durable, long-lasting handheld flashlights from Grainger to help provide light in dark situations.

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

<p>Headlamps</p>	<p>Princeton Tec, Streamlight, Pelican, Lumapro, Energizer</p>	<p>This headlamp selection can offer a wide range of options. Choose headgear that offers a wide and focused beam, or one with three levels of light, including a strobe. Get one with a built-in clip that can attach to surfaces up to 1/2" thick. If you work around water, choose a waterproof headlamp. Find a large variety of headlamps that let you keep your hands free at Grainger.</p>	
<p>Lanterns</p>	<p>Streamlight, Pelican, Bright Star</p>	<p>Grainger carries dependable lanterns to help you light your way in the dark or when working in dimly lit areas such as mineshafts, attics and crawlspaces. A rechargeable lantern can save money on batteries. An LED lantern can help stretch your battery's charge more than an incandescent one. A Safety-Approved lantern has passed a battery of rigorous tests conducted by a specified safety agency. These lanterns can be critical to those who work in hazardous environments.</p>	
<p>Penlights & Inspection Lights</p>	<p>Streamlight, EMI, Pelican, Maglite</p>	<p>Penlights are used by a variety of professionals from doctors to mechanics. Grainger carries penlights that offer a highly concentrated beam of light in a compact design ideal for a variety of tasks from checking pupil response to pinpointing mechanical issues. When you need a bright, accurate, controllable light source, let Grainger help you find the right penlight for the job.</p>	
<p>Area Lights</p>	<p>Pelican, Streamlight, Fox Fury, Lumapro, Propac, Genie</p>	<p>Grainger offers a wide range of area lights that are portable, rechargeable and provide up to 24 hours of light. These rugged lights can be used anytime, anywhere to help you get the job done. A single person can carry, deploy and stow these lights. Swivel heads allow you to swivel the light head 360 degrees to aim the beam where needed.</p>	
<p>Spotlights</p>	<p>Streamlight, Pelican, Brinkmann, Princeton Tec, KH Industries</p>	<p>Get yourself a high-quality spotlight from Grainger for those times when you need more light than a standard flashlight can provide. Tuck a spotlight with emergency flashers behind your truck seat for those unexpected visits to the side of the road. Look at spotlights with tempered glass lenses if you work in rugged environments.</p>	
<p>Weapon Mounted Tactical Lights</p>	<p>Streamlight, Sig Sauer, Steiner, Surefire</p>	<p>Weapon mounted flashlights, also know as weapon-mounted lights or WML's, are lightweight and compact so as not to throw off the balance of the pistol or long gun. They provide illumination for more accurate targeting and feature higher light output compared to older model lights.</p>	

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

Cleaning Chemicals

Diversey, Clorox, Windex, Pine Sol, Simple Green, Lysol, Tough Guy, 3M, Zep

Cleaning chemicals clean, degrease, sanitize, and disinfect to help maintain your facility. Non-solvent and solvent-based degreasers dissolve contaminants from parts. Disinfectants and sanitizers like bleach are cleaning agents that clear away germs. Adhesive removers remove sticky substances such as wood glue, grease, and tar. Dishwashing soaps, detergents, and rinses keep dishes and kitchen tools clean.

Cleaning Supplies

Tennant, Dayton, Rubbermaid, Hoover, Tough Guy, Sanitaire, 3M

Bathroom cleaning supplies and equipment are used to clean restrooms and keep them in working order. Cleaning tools like brushes, brooms, dusters, and squeegees have handles to make it easier to access hard-to-reach areas. Floor cleaning tools are used to dust, mop, and polish floors. Cleaning rags, shop towels, and dust cloths clean off grime, wipe away dust, and soak up spills. Window cleaning supplies remove debris and smudges from windows. Holders and dispensers like housekeeping carts, totes, and buckets are for carrying supplies and cleaning solutions from job to job.

Lighting

Lithonia, Philips, GE Lighting, Hubbell, Lutron, Fenix, Advance, Cree

Lighting products supply light for emergency situations, general work environments, and specific job tasks. They include industrial lighting fixtures, shop lights, garage lighting, LED lighting fixtures, emergency lighting, light bulbs, and more. Job site and task lighting, such as temporary lighting or medical lighting or machine tool lights, provide hands-free lighting for general job-site work or specific tasks. Lamps and light bulbs can be used in permanent light fixtures while portable lamps and flashlights are handheld tools used for temporary or general lighting. Ballasts, lighting controls, and replacement parts are used to maintain and operate a lighting system.

Hand Care

OPS, GOJO, Scrubs, Georgia Pacific, Ability One, Purell, Hospesco, Dial, Tough Guy

Hand care products help promote effective hand washing and germ control in hospitals, hospitality facilities, and workplaces. They are typically supplied in patient rooms, bathrooms, break rooms, locker rooms, and other high-traffic areas. Hand soaps and industrial hand cleaners remove dirt, grease, and grime from hands while hand and body wipes are ideal when soap and water are unavailable. Hand and body lotion can help restore moisture lost from using soap. Hand sanitizers and dispensers help visitors and employees fight germs and bacteria while on the go. Hand dryers and accessories eliminate the waste and expense of paper towels.

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

HVAC & Refrigeration

Friedrich, Movin Cool, Dayton, Air Handler, Big Ass Fans, Portacool, Power Breezer, Dri-Eaz, Frigidaire

HVAC and refrigeration equipment helps keep industrial, commercial, and residential facilities properly heated, cooled, and ventilated to maintain a comfortable environment. Heaters provide warmth in the winter. Fans and air conditioners cool off areas in the summer. Air filters help remove dust and other airborne contaminants from the air stream to improve indoor air quality. Thermostats and controls help streamline the operation of HVAC systems to improve their efficiency. Refrigeration supplies are used to maintain refrigerators, air conditioners, and other HVAC equipment that use refrigerant to keep them working as expected.

Lockers

Lyon, Tennsco, Hallowell, Bradley, Strong Hold, Edsal

Storage lockers store and protect equipment, personal possessions, and other important items. Box lockers and cell phone lockers provide small spaces to store personal items, such as cell phones, wallets and cameras. Wardrobe lockers have room for clothing, coats and other belongings. Evidence storage lockers provide extra security for use in law enforcement and security management applications. Gear lockers have space for clothing and also storage for equipment bags and other athletic gear. Bulk storage lockers keep contents secure, while still visible, to save time searching for frequently used items.

Padlocks

Master Lock, Sesamee, Schlage, Abus, Abloy

Padlocks secure doors or gates from unauthorized access and lock up equipment to protect valuable items from theft. Heavy-duty cables and cable locks protect equipment, tools, and trailers from theft. Combination locks secure lockers or luggage. Weather-resistant models won't corrode in rain, sleet, or snow, while covered padlocks feature a shroud for added protection and long service life. Padlock guards protect against vandalism and damage from bolt cutters or inclement weather.

Paper Products & Dispensers

Georgia Pacific, Tough Guy, Ability One, Hospeco

Paper products are disposable, sanitary items typically used in hotels, restaurants, medical facilities, and workplaces to encourage cleanliness. Door handle tissues provide a shield between hands and door handles while facial tissues are soft and used for more delicate cleaning. Toilet paper and toilet seat covers promote hygiene in restrooms and provide comfort to visitors. Paper towels are disposable, absorbent rolls and sheets used to clean up spills and wipe surfaces and equipment. Automatic and manual dispensers keep paper products handy while dispensing one sheet at a time to reduce waste.

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

Shelving & Storage Racks

Edsal, Steel King, Sandusky, Tennsco, Husky, Metro, Nashville Wire

Shelving and storage racks keep tools, materials and other supplies organized and accessible. Bin storage racks, modular units, and pegboard and slatwall organization units are easily modified for changing storage needs. Racks, pallet racks and accessories offer bulk storage and accommodate large items for organizing warehouses and stock rooms. Shelving units provide easily accessible storage for everyday items. Retail displays and accessories showcase merchandise in retail stores.

Storage Containers

Decade Products, Sterilite, Akro-Mils, Pelican, Buckhorn, Orbis, Durabilt, Quorpak

Storage containers are used to stack, stow, and carry materials in office spaces and production facilities. Plastic storage boxes and tool chests include models suitable for storing and protecting files and jobsite tools and supplies. Bulk storage tubs and bins can also be used to keep office supplies organized or replacement parts accessible. Storage tanks and containers are available for both bulk solid and liquid materials.

Tools

Dewalt, Westward, Milwaukee, Keson, Proto, Bosch, Stanley

Hand tools include clamps, cutting tools, measuring tools, hammers, screwdrivers, and wrenches. They provide precise control and are used for tasks where power tools are cumbersome or where high amounts of force are not required. Power tools include cordless, corded, hydraulic, and air-powered drills, drivers, impact wrenches, saws, and finishing tools. They are used for tasks that are repeated (such as driving nails in sheetrock) or where high force and speed are required. Measuring and layout tools ensure workpieces are cut to the correct length and angle. Sockets and bits are used with wrenches, screwdrivers, and drills to create holes and drive fasteners. Tool tethers, balancers, and retractors secure tools to keep them close at hand when needed and help prevent injuries caused by dropped tools. Tool storage keeps tools secure and organized for quick access.

Video Surveillance

Speco, Bosch, Vitek, LTS, Tripllett, BV Tech

Video surveillance systems and accessories deter theft and vandalism and record offenders. Dome and covert cameras install out of sight to record suspicious activity and protect property. Accessories such as wall brackets and camera housings can help to stabilize and protect closed-circuit television (CCTV) systems from outdoor elements.

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

Waste, Recycling & Trash Supplies

Tough Guy, Rubbermaid, Ability One, Hospeco, Glad

Waste, recycling, and trash supplies are used to collect, sort, and transport trash and recycling materials. Trash supplies include cans and receptacles to encourage people to sort and dispose of trash correctly and help reduce litter. Bin liners and trash bags help keep cans clean, make it easier for workers to collect trash, and keep trash contained. Compactors reduce the volume of collected trash so the trash takes up less space in dumpsters. Pickers, grabbers, and self-standing receptacles are used in litter collection tasks and landscaping operations.

Disposable & Chemical Resistant Clothing

Ansell, DuPont, Condor, International Enviroguard, 3M, Lakeland

Disposable clothing and chemical-resistant clothing items offer protection for employees working with liquids in laboratory and industrial settings. Disposable aprons, hoods, and gowns provide a barrier against light splashing of specific fluids, depending on material construction. Chemical-resistant clothing, such as gloves, hoods, aprons, eyewear, and lab clothes, can prevent direct contact with chemicals. Encapsulated chemical suits offer full-body protection from occupational hazards.

Disposable Gloves

Microflex, Ansell, Condor, Showa

Disposable gloves create a barrier between your hands and objects you are handling to keep hands clean and protected and keep oils and dirt on your hands from transferring to the objects. Single-use gloves are thrown away after each task to prevent cross-contamination. Thinner gloves offer higher dexterity and better touch sensitivity, while thicker offer more protection for hands. Single-use disposable gloves are worn in laboratories, food service, cleanrooms and sterile environments, and when cleaning or performing janitorial tasks.

EMT & Rescue Supplies

Zoll, Physio Control, Honeywell, North American Rescue, EMI, Adventure Medical, Medsource

EMT and rescue supplies equip first responders with items needed for treating injuries, providing critical care, and transporting patients during medical emergencies. Aspirators and suction equipment extract bodily fluids, clear airways, and remove surgical fluids and body tissues. CPR devices and masks assist with breathing difficulties. Backboards, stretchers, and first-aid cots provide support to move injured people between locations. Cervical collars, head immobilizers, and splints stabilize body parts to prevent further injury. Defibrillators help resuscitate victims of cardiac arrest. EMT trauma kits provide a portable set of medical supplies and equipment. Patient transfer equipment includes belts, boards, and mats for supporting and securing people during transport.

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

First Aid & Wound Care

First Aid Only, Medique, Honeywell, Physicianscare, North American Rescue

First-aid and wound-care supplies provide relief for non-critical injuries and illnesses. Bandages, gauze, pads, and wraps cover wounds to keep out contaminants. Ice packs and thermal wraps alleviate muscle and joint pain. First-aid tape secures bandages and wound dressings. First-aid kits include supplies and medicine for attending to cuts, insect bites, burns, and other minor injuries. Nonprescription medications treat headaches, aches and pains, coughs, colds, and upset stomachs. Medicine vending machines allow employees to access over-the-counter medicines and first-aid supplies without having to leave the workplace. Topical ointments, creams, and antiseptics relieve pain, clean wounds, and treat burns, stings, and rashes.

General Purpose Gloves

Ansell, Showa, Condor, Hexarmor, Ironclad, MCR Safety, BDG

General purpose gloves keep hands clean and protect hands from minor abrasion in low-risk environments. Task and chore gloves are lightweight gloves used to keep hands clean and protect against scrapes and abrasions in low-risk environments. They are used in general warehouse and shipping tasks, landscaping, light assembly, general maintenance, and light automotive work. Coated knit general purpose gloves are more abrasion resistant than uncoated gloves. Leather general purpose gloves provide a balance of abrasion resistance and dexterity and are often used in construction, carpentry, general maintenance, and landscaping.

Hearing Protection

3M Peltor, Condor, Honeywell Howard Leight, Moldex

Hearing protection devices are worn on or in your ears to protect against hearing loss in environments with potentially hazardous noise levels. These protective ear muffs or ear plugs typically have a noise reduction rating (NRR) specifying the decibels (dB), or sound intensity, by which they reduce sound levels. OSHA standards call for hearing protectors that reduce exposure to below 85 dB over the course of an average 8-hour work shift to avoid noise-induced hearing loss (NIHL). Hearing protection is commonly used wherever loud machinery is being operated such as at factories, mills, mines, construction sites, landscaping operations, and medical testing facilities.

Military, Police & Tactical Gloves

Mechanix Wear, Ironclad, Ringers, Youngstown Glove

Military, police, and tactical gloves are made of durable and flexible materials to protect workers who encounter a variety of hazards. Gloves with coatings and additional features (such as impact- and cut-resistance) protect against multiple hazards.

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

Respiratory Protection

Avon Protection, MSA, Scott Safety, 3M, ILC Dover, Honeywell North, Condor

Respiratory Protection equipment provides clean air for breathing and protects against harmful fumes or airborne contaminants. Airline filtration and CO monitors remove contaminants and check gas concentration in air supplies. Disposable respirators and dust masks block out airborne particles in emergency situations and dusty work areas. Emergency escape breathing apparatus and escape hoods provide short-term protection from contaminated air so people can evacuate an unsafe area. Fit-testing equipment determines whether a respirator properly fits the user. Respirators and gas masks work with filtration cartridges to supply clean air when working in potentially hazardous environments. SCBA (self-contained breathing apparatus) draws high-quality breathable air from a compressed-air cylinder and delivers it to the attached face mask. PAPR (powered air purifying respirator) pulls surrounding air through a filter and blows the purified air into the attached face mask.

Safety Glasses

Edge Eyewear, Bolle Safety, Honeywell UVEX, Pyramex, Condor, Radians, Revision Military

Safety glasses shield a worker's eyes to prevent eye damage. They block dirt, dust, debris, chemicals, or liquids from entering the eyes. Glasses have lenses that provide visibility. Safety glasses are commonly worn in laboratories, construction or landscaping sites, manufacturing facilities, automotive repair shops, or woodworking environments.

Traffic Safety

Tensabarrier, Gateway Safety Flares, JBC Revolution, Cortina, Tolco, PowerFlare, Aervoe

Traffic-control equipment marks boundaries, creates barriers, and provides direction for managing traffic on roads and inside facilities. These traffic safety products help prevent collisions and traffic backups. Barrier tapes and pavement markers identify closed off areas, traffic lanes, survey sites, and more. Traffic barrels, drums, barricades, cones, and delineator posts form temporary lanes and block sections of road during road construction. Parking curbs, speed bumps, and stop/slow paddles help control traffic speed and flow. Traffic warning flags alert people to truck traffic hazards such as wide loads and nearby vehicles. Windsocks alert pilots and air traffic controllers to wind direction and speed and are used in industrial setting to indicate wind direction in the event of a gas or chemical leak.

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

Water Safety

Condor, Mustang Survival, Stearns

Water-safety products provide equipment for people to protect themselves or assist others who are working on, in, or near bodies of water. This equipment is commonly used by emergency teams responding to water rescues and floods. Immersion survival and rescue suits block out water, protect against hypothermia, and aid flotation. Life jackets and PFDs keep people afloat in deep or unpredictable waters. Water-rescue equipment includes ring buoys for helping distressed swimmers and rescue boats for escaping sinking or capsized ships.

Automotive Chemicals

Splash, CRC, Peak, RainX, Sprayon, Prestone, Gunk, Sta-Bil, Oil Eater

Automotive chemicals fill, flush, and clean vehicle systems to keep them running properly. Additives smooth the operation of engines and fuel systems to improve performance. Automotive cleaners and degreasers dissolve brake dust, oil, dirt, and other deposits from vehicle parts. Coolants help control temperatures in radiators and braking systems to reduce wear and avoid breakdowns. Automotive fluids for brake, power steering, and transmission systems provide lubrication, maintain pressure, and help prevent overheating and corrosion. Windshield washer fluid clears road film, grime, and bugs from windshields. Air fresheners mask or eliminate odors within vehicles.

Auto Detailing Supplies

Tough Guy, Carrand, Armor All, Zep Professional, Absorber, Blue Magic, Turtle Wax

Automotive detailing supplies help maintain the interior and exterior of vehicles. Automotive appearance products such as drying and detailing cloths are used for wiping off water, clearing dirt, and applying rubbing compounds and glazes. Automotive polishers use pads and attachments for cleaning, buffing, and polishing vehicles. Car wash components include undercarriage cleaners, tire sprayers, and nozzles that keep car washes in good repair. Interior and exterior cleaners include sprays, soaps, and concentrates for removing dirt and soils from the inside and outside of vehicles.

[Automotive Interior Accessories](#)

Code 3, Garmin, Gamber-Johnson, Weathertech, Roadpro, Bell

Automotive interior accessories help drivers navigate, monitor conditions around their vehicles, and keep their vehicles clean and comfortable. 12-volt accessories include power adapters and fans that plug into a vehicle's 12-volt outlet. Automotive camera systems provide images so drivers can monitor the area outside their vehicles, especially while backing up. Headsets allow hands-free communication. Covers and floor mats protect vehicle interiors from stains, dirt, and damage. DC auxiliary heaters warm vehicle interiors using surplus power from a generator linked to the engine. Interior automotive accessories are used for holding drinks, mounting electronics, monitoring time or temperature, and cushioning seats. Navigation and tracking systems provide directions and maps to help drivers reach their destination.

[Automotive Lifting/Garage Equipment](#)

Bio-Circle, Graymills, SmartWasher, Oil Eater, Westward, CRC

Automotive lifting and garage equipment provides the lifting and cleaning power needed in auto repair shops and fleet maintenance operations. Brake drum dollies aid the removal and installation of truck hub assemblies and brake drums. Oil filter crushers help comply with environmental regulations by squeezing oil residue out of used filters and reducing filters to a compact size for disposal or recycling. Parts washers are used with parts degreaser or other cleaners and solvents to remove dirt and grime from metal tools and parts. Vehicle lift systems lift vehicles to gain access to the undercarriage for maintenance and repairs.

[Automotive Lifting Tools](#)

OTC, Westward, Omega, Gray, Hein-Werner, Vestil

Automotive lifting tools are jacks, stands, and ramps that raise vehicles off the ground or lift vehicle components to allow maintenance and repairs. Air, mechanic, and hydraulic floor jacks are used in auto shops and garages to provide air- or hydraulic-powered lifting of vehicles and other heavy loads. Automotive loading ramps move vehicles that need repair or load vehicles like forklifts onto trailers for transport to jobsites. Bottle jacks are portable hydraulic jacks that can be stored in a vehicle for on-the-go maintenance such as tire changes. Engine stands hoist and support engines so mechanics can access all sides for inspection and repair. Motorcycle lifts and plow jacks are sized to lift motorcycles, ATVs, and other small-engine equipment. Transmission jacks have an adjustable head for aligning with transmission bolts patterns and pins. Vehicle stands are typically used in pairs to jack up and support each side of a vehicle.

YOUR SOURCE FOR STATION SUPPLIES & LAW ENFORCEMENT EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

Automotive Lubricants

Everest, Seafoam, Valvoline, Pennzoil, Mobil

Automotive lubricants are professional-strength products such as oils for reducing engine wear and chemical treatments for optimizing fuel systems. Engine and motor oils lubricate moving engine parts to reduce friction, protect against corrosion, and prevent heat buildup that can damage engines. Fluid evacuators facilitate automotive fluid changes by clearing out spent transmission fluid, engine oil, coolant, and more. Fuel system treatments keep automotive fuel systems clean by removing water and deposits that can reduce system performance.

Automotive Maintenance Tools

NOCO, Westward, Proto, Schumacher Electric, Lincoln, Bayco, Battery Tender

Automotive maintenance tools aid fleet and vehicle maintenance by facilitating inspections, removing parts, easing fluid refills, and reducing mess. Automotive specialized tools are mechanic tools for taking measurements and installing or removing parts. Creepers allow mechanics to roll under and around vehicles during inspections and repairs.

Tire & Wheel

Westward, Haltec, Marastar, Peerless, Tru-Flate, Slime, Milton, Victor, Ken-Tool

Tire and wheel equipment helps maintain, repair, and balance tires to keep vehicles on the road. Inner tubes and liners replace punctured or deteriorated tubes to hold air within tires. Tire bead sealers and patch cements bond patches and plugs to tires. Tire chains fit over tire treads to provide traction in snow and ice. Tire repair patches and sealants cover or fill in punctures to plug leaks. Tire changing machines and tire mounting tools help remove tires from wheel rims and mount tires to wheel rims. Tire chucks, inflators, and pumps add air to tires. Tire-pressure and tread-depth gauges check the air level and tread condition of tires. Tire and wheel balancers adjust tire balance to ensure consistent contact with roads and prevent uneven tread wear. Tires and wheels are replacement units for vehicles such as trailers, wheelbarrows, lawn mowers, and garden tractors.

Vehicle Lighting

Whelen, GoLight, Federal Signal, Maxxima, Code 3, Grote, Stryker, Ecco, PSE Amber

Vehicle lighting provides visibility so drivers can navigate and people can see nearby cars, trucks, and trailers. Automotive lighting strips brighten cabs, compartments, and cargo areas. Emergency vehicle warning lights and vehicle light bars call attention to first responders, security patrols, and utility crews. Remote-controlled spotlights direct light on specific areas. Vehicle courtesy lights and dome lights illuminate vehicle interiors. Vehicle strobes and beacons identify forklifts and moving equipment in areas such as parking lots and warehouses. Vehicle work lights supply extra light at jobsites.
