

YOUR SOURCE FOR STATION SUPPLIES & FIREFIGHTING SOLUTIONS

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS | |
|-------------------|--|---|---|
| Adapters | Dixon, Elkhart Brass, Moon American | Fire hydrant adapters connect fire hydrants and hoses in emergency response and firefighting applications. They can also be used in plant maintenance and municipal garage applications. |  |
| Bags | True North, 5.11 Tactical, Ergodyne, ASP, Coaxsher, Texsport, Uncle Mike's, Tru-Spec | Take what you need with you just about anywhere with a selection of duffle bags from Grainger. Shop for backpacks, gear bags, rolling bags and more with features such as detachable tarpaulins and waterproof materials and construction. Ideal for professionals who work on-the-go or in remote locations, Grainger offers a large selection of duffle bags and backpacks to meet your travel requirements. |  |
| Batteries | Duracell, Energizer, Schumacher Electric | Disposable batteries are single-use power sources that are replaced after they run out of charge. Also called primary cells, they're commonly known by their size (such as AA, AAA, or 123) which is defined according to ANSI/IEC standards. These batteries are typically used in flashlights, remote controls, smoke detectors, occupancy sensors, light duty power screwdrivers and other small devices. They're also used to supply backup power for devices that are primarily powered by electricity. Disposable batteries with alkaline or carbon zinc chemistry can be discarded with everyday trash while lithium batteries should be recycled. |  |
| Body Armor | GH Armor Systems, United Shield, 5.11 Tactical, Blackhawk | Grainger offers an extensive array of body armor at excellent prices. With over 1,300 choices, find the tactical vest, cutaway armor, carrier vest and specific body part protective armor that can fit your needs. Help ensure security and police officers stay as safe as possible on the job. Make Grainger your first choice for high-quality police body armor and tactical vests. And be careful out there! |  |
| Boots | Fire-Dex, Hellfire, Thorogood, Viking, Tingley, Dunlop | Withstand intense heat and moisture with fire boots from Grainger. Choose from a variety of fire boots that can endure wildland fires, move through tough terrain or resist water. Designed with high quality features that include stainless steel midsoles, polyester insulation and lug tread traction. You'll find the fire boots you need to help keep you safe on the job. |  |

YOUR SOURCE FOR STATION SUPPLIES & FIREFIGHTING SOLUTIONS

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|----------------------------------|---|---|
| Breakroom Foodservice | Niagra, Bunn, Cambro, Carlisle, Crestware, Dixie, Folgers, Oster, Rubbermaid | <p>Food service supplies such as cookware, appliances, and serving utensils are used in commercial kitchens to prepare and serve dishes. Food processing equipment is used to sort, move, and package food products in industrial food processing facilities. Food service apparel helps to protect workers from splashes during food handling tasks. Concession equipment prepares and warms foods such as hot dogs, popcorn, and cotton candy for public or private events. Tableware such as plates, bowls, knives, and forks can be reused in restaurant settings, while disposable containers allow kitchens to fulfill carry-out orders.</p>  |
| Chemical Neutralizers | Spilfyter, Acid Eater, Spill Buster, Ansul, Absorbent Specialty Products, PIG | <p>Chemical neutralizers counteract chemical spills before cleanup and make the material safe for handling and disposal.</p>  |
| Cleaning & Janitorial | 3M, Tough Guy, Rubbermaid, Diversey, Georgia Pacific, Clorox, GOJO, Zep, Kimberly-Clark | <p>Cleaning products and janitorial supplies keep commercial and industrial facilities clean and well maintained. Cleaning chemicals clean, degrease, sanitize, and disinfect walls, floors, and other surfaces. Cleaning supplies such as mops, brooms, and floor-cleaning machines clean, scrub, strip, buff, polish, or vacuum floors and carpets. Buckets, squeegees, sponges, and other cleaning supplies are used to apply cleaning products to floors and large surfaces. Paper products like door tissues provide a shield between hands and door handles while facial tissues are soft for more delicate cleaning. Toilet paper and toilet seat covers promote hygiene in restrooms and provide comfort. Paper towels are disposable and absorbent sheets used to clean up spills, wipe surfaces and equipment, and dry hands and face. Dry wipes are used for light wiping, dusting, and absorbing spills. Trash cans and other garbage-handling equipment help workplaces manage their trash and recycling programs.</p>  |
| Communications | Motorola, Kenwood, Cobra, 3M, Sear, Vertex Standard, Uniden | <p>Two-way radios, police scanners, and vessel automatic identification systems are real-time communication devices. Two-way radios allow people to listen and talk to one another across a dedicated radio channel. Police scanners receive communication from law enforcement, fire, and medical emergency services. Vessel automatic identification systems allow boats to receive and transmit identification information such as vessel names and location.</p>  |

YOUR SOURCE FOR STATION SUPPLIES & FIREFIGHTING SOLUTIONS

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|---|--|--|
| Disposable & Chemical Resistant Clothing | Ansell, 3M, DuPont, Condor, Kimberly Clark, Trelchem, Tingley, Lakeland, Enviroguard | Disposable clothing and chemical-resistant clothing items offer protection for employees working with liquids in laboratory and industrial settings. Disposable aprons, hoods, and gowns provide a barrier against light splashing of specific fluids, depending on material construction. Chemical-resistant clothing, such as gloves, hoods, aprons, eyewear, and lab clothes, can prevent direct contact with chemicals. Encapsulated chemical suits offer full-body protection from occupational hazards. |
| Electrical | Hubbell, Bussman, Eaton, Fluke, Honeywell, Klein Tools, Panduit, Schneider Electric | Electrical equipment supplies power to facilities and work projects. Electrical products and power management supplies can be used to run equipment and install electrical systems into buildings. Wires, fittings, and switches are necessary for making repairs to electrical systems. Circuit breakers, push buttons, and other electrical parts can be used to create electrical components. Portable power supplies keep job sites up and running when wired electricity is not available. |
| Emergency Preparedness | FSI North, Ferno, Cyalume, DQE, Propac, Secur-ID, Ultratech, Ready America | Emergency preparedness equipment and supplies are used to equip response teams and set up temporary shelters, medical units, and command centers for managing accident scenes, disaster sites, and other emergencies. Decontamination showers and accessories create sanitation stations for accident cleanups, rescues, and training exercises. Disaster survival kits include supplies and tools commonly used at emergency sites. Emergency communication systems allow phone and data access in remote areas. Emergency lightsticks supply light during power outages or at outdoor locations. Emergency response PPE kits provide protective gear for first responders. Flood barrier systems and sand bags hold back and divert flood waters. Portable water storage equipment provides clean water at emergency sites. Storm shelters offer protection from severe weather. Temporary emergency shelters protect against the elements and establish a base of operations. |

YOUR SOURCE FOR STATION SUPPLIES & FIREFIGHTING SOLUTIONS

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|---|---|--|
| EMT & Rescue Supplies | North American Rescue, Ferno, Medsource, Defibtech, Zoll, Physio Control, FSI North | <p>EMT and rescue supplies equip first responders with items needed for treating injuries, providing critical care, and transporting patients during medical emergencies. Aspirators and suction equipment extract bodily fluids, clear airways, and remove surgical fluids and body tissues. CPR devices and masks assist with breathing difficulties. Backboards, stretchers, and first-aid cots provide support to move injured people between locations. Cervical collars, head immobilizers, and splints stabilize body parts to prevent further injury. Defibrillators help resuscitate victims of cardiac arrest. EMT trauma kits provide a portable set of medical supplies and equipment. Patient transfer equipment includes belts, boards, and mats for supporting and securing people during transport.</p>  |
| EMT Uniforms | Vertx, Propper, Tru-Spec, Horace Small, Fire-Dex, Cobmex, ASP, 5.11 Tactical | <p>Police and EMT uniforms are worn by law enforcement officers, firefighters, and emergency medical technicians. Jackets and parkas protect staff from rain and cold weather. Matched pants, shirts, and shorts help civilians identify law enforcement officers and public safety personnel.</p>  |
| Fire Extinguishers | Amerex, Badger, Buckeye, First Alert, Kidde, Oval | <p>Fire extinguishers are portable devices that spray water or wet or dry chemical agents for putting out small fires. They are handheld and can be carried to the fire.</p>  |
| Fire Fighting Clothing & Accessories | Bullard, Coaxsher, Dragon Slayer, Fire-Dex, Groves, Hellfire, Veridian, True North, 5.11 Tactical | <p>Fire fighting clothing and accessories protect firefighters against heat, flames, impacts, and other on-the-job hazards. Fire hoods are worn under a helmet to provide heat and flame protection for your head, face, and neck. Fire and rescue boots are made of heat-resistant, waterproof materials to prevent foot injuries and keep your feet dry. Fire and rescue helmets withstand heat and resist punctures and impacts to protect your head. Turnout gear includes coveralls, jackets, and pants that offer heat and flame protection while maintaining comfort and mobility. Turnout gear storage racks keep fire-protection clothing and accessories organized and accessible. Wildland fire-fighting jackets, coats, and pants are typically lighter than turnout garments to increase mobility for outdoor firefighting. Wildland gear packs and bags withstand extreme conditions for transporting fire-fighting gear to wildfires.</p>  |

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|------------------------------------|---|--|
| Fire Hose | Armored Reel, Armtex, Forest-Lite, Jafline, Jafrib, Moon American | <p>Fire hoses are commonly used to convey water in order to stop a fire from spreading and douse the flames. Attack fire hoses convey water from a fire pump to a fire. Supply line fire hoses bring large volumes of water from a hydrant or other pressurized source to a fire pump so it can be conveyed to an attack hose. Booster fire hoses are primarily used to fight small fires. Pin rack and reel fire hoses are commonly installed in buildings to provide the buildings' occupants with fire hoses for initial fire response in an emergency. Wildland fire hoses are designed for firefighting applications where the hoses will need to be carried long distances over steep or rough terrain to reach a fire.</p>  |
| Fire Hose & Hydrant Valves | Elkhart Brass, Moon American | <p>Fire hose and hydrant valves control the flow of water going to water hoses or engine pumps. They attach to fire hydrants and hose lines.</p>  |
| Fire Safety & Protection Equipment | Buckeye, Badger, Council Tool, Flamefighter, Nupla, Sellstrom, Dixon, Elkhart Brass | <p>Fire safety and protection equipment is used for extinguishing fires, preventing flames from spreading, and helping people escape fires. Escape ladders attach to window sills to provide an emergency escape route from the upper level of a building. Fire-barrier products (also called firestops) help prevent the spread of fire and smoke. Fire blankets smother small fires or provide a protective wrap to shield someone from a fire. Fire extinguishers spray water or chemical agents for putting out small fires. Fire hoses and fire-hose nozzles connect to a pressurized supply of water or fire retardant for extinguishing large fires. Fire-probing tools includes axes, hammers, pikes, and other equipment for breaking down walls, poking through roofs, and locating smoldering fires. Fire-resistant treatments coat surfaces to help stop flames from spreading in the event of a fire.</p>  |
| Firefighter Gloves | Honeywell, Ringers Gloves, Shelby | <p>Firefighter gloves protect hands from heat, flame, and abrasion. They're commonly worn during firefighting tasks such as handling rope and hoses, welding axes, and climbing ladders.</p>  |

YOUR SOURCE FOR STATION SUPPLIES & FIREFIGHTING SOLUTIONS

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|------------------------------------|--|--|
| Flame Resistant Apparel | Bullwark, Workrite, VF Imagewear, Dickies FR, Tru-Spec, Woodland | <p>Flame resistant and arc flash pants and overalls help wearers avoid burns when working in areas with sparks, open flames, and other fire hazards. Pants cover the legs, and overalls cover the legs and front of the torso. Also called FR pants and overalls, flame-resistant pants and overalls are made of materials that resist burning or melting. Arc flash pants and overalls protect wearers from high heat and burns when working with or near electrical equipment where electric arcs may heat surrounding air to extreme levels. Flame-resistant and arc flash pants and overalls are worn over the users' work clothing and provide thermal insulation to keep wearers comfortable.</p>  |
| Flashlights, Headlights & Lanterns | Streamlight, Pelican, Surefire, Princeton Tec, Maglite, Fenix Lighting, Brightstrike, Stanley, Streamlight | <p>Flashlights provide a portable, temporary light source where other lighting is unavailable or impractical. These battery-powered or rechargeable flashlights can be taken where needed to bring light into dark or dimly lit areas. They're commonly used to provide light for emergency situations, nighttime navigation, maintenance work, and security patrols. Flashlights range from pocket-sized penlights for close-up tasks to high-output lanterns for area lighting.</p>  |
| Fleet Vehicle & Maintenance | Turtle Wax, Code 3, Federal Signal, Grote, Prestone, Quaker State, Reese, Slime | <p>Fleet and vehicle maintenance equipment includes auto and vehicle supplies, parts, and tools for keeping vehicles on the road. Oil and air filters, wiper blades, and automotive fluids must be regularly replaced to keep vehicles in good working order. Diagnostic and inspection equipment can be used to measure the degree of coolant protection, determine battery cell condition, locate engine troubles, and more. Navigation systems monitor fleet locations and map the most fuel-efficient routes. Tire and wheel equipment keeps tires in good shape and ensures vehicle wheels are balanced. Brake cleaner, fuel additives, and other automotive chemicals are used to maximize the life of vehicle components.</p>  |

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|-----------------------|--|---|
| Gas Detection | MSA, Industrial Scientific, Gasco, Honeywell, RAE Systems, Sensit, Gastec, Draeger | <p>Gas-detection monitors and tools check for gases in an area to find leaks and help prevent exposure to hazardous gases. Single-gas and multi-gas detectors are portable devices commonly used for inspecting tanks and pipelines. Single-gas detection tubes contain granules that change color when exposed to a specific compound, making them ideal for spot testing. Fixed gas detectors provide continuous monitoring of a specific area. Automated gas detector test systems maintain calibration and track data for a compatible gas detector. Calibration gas is used for testing the sensitivity of gas detectors. Gas-detection control panels manage multiple gas sensors, communicate the status of a detection system, and set limits for activating alarms and warnings.</p>  |
| Hand & Arm Protection | Microflex, Ansell, Showa, Hexarmor, Honeywell, Ironclad, Mechanixwear, MCR, Wells-Lamont | <p>Hand and arm protection products protect workers from cuts, lacerations, burns, and other injuries. Safety gloves are worn on the hands and forearm to protect against injury and keep hands clean. Arm protection is worn from the wrist to upper arm to protect workers from cuts and burns. Gloves and sleeves are often ANSI/ISEA-rated for cut and needlestick resistance. Finger cots and finger protection help improve grip when working with small parts, reduce the risk of electrical discharge, and protect workers from cuts and burns.</p>  |
| Hand & Power Tools | Dewalt, Makita, Bosch, Stanley Black & Decker, Milwaukee, Proto, Ingersoll-Rand | <p>Hand tools and power tools can be used on jobsites or in production facilities to measure, cut, fasten, and form materials. Hand tools include clamps, cutting tools, measuring tools, hammers, screwdrivers, and wrenches. Power tools include cordless and corded drills, drivers, impact wrenches, reciprocating saws, sanders, and angle grinders.</p>  |
| Ladders | Cotterman, Little Giant, JLG, Louisville, Werner, Xtend+Climb, Stokes | <p>Ladders, platforms, and scaffolding give workers the means to access and work on hard-to-reach areas on walls and ceilings. Common stepladders and platform stepladders provide stable climbing, even in the middle of an open space, while straight ladders require a stable vertical surface to rest on. Attic ladders, pool ladders, and dock ladders address specific climbing applications. Work platforms accommodate workers and their tools when working at elevated heights. Scaffold towers can be erected on the jobsite to reach high areas.</p>  |

YOUR SOURCE FOR STATION SUPPLIES & FIREFIGHTING SOLUTIONS

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|---|---|--|
| Nozzles | Dixon, Elkhart Brass, Moon American, Viper | Industrial and fire hose nozzles are used for extinguishing large fires. They connect to a fire hose to distribute and direct pressurized water or fire retardant.  |
| Office Supplies | Fellowes, Lexmark, Paper Mate, Sharpie, Tripp-Lite, Swingline, Iceberg | Office supplies are used to accomplish many tasks around the office. Office cleaning products help keep work areas clean and tidy. Pens, pencils, markers, and other stationary supplies are used to write down information and create eye-catching notices. Binders, clipboards, file folders, and file boxes keep office papers organized. Calendars and dry-erase boards can help workers keep track of their schedules and projects. Copy paper and replacement ink cartridges are used to refill printers and copiers when they run low.  |
| Outdoor Equipment | Ariens, Billy Goat, Briggs & Stratton, Poulan, Echo, Fiskars, Gerber, Husqvarna, Nupla, EGO | Outdoor equipment and landscaping supplies are used in forestry, lawn care, logging, construction, agriculture, and grounds maintenance tasks. Electrical generators provide a portable power source for operating tools and equipment. Landscaping tools (such as cutting and pruning tools, lawnmowers, leaf blowers, wheelbarrows, shovels, and digging tools) clear outdoor areas of dead vegetation, overgrown grass and plants, fallen branches, and other debris. Temporary outdoor structures and accessories protect workers and equipment from the elements. Fencing and fencing hardware can be used to build and maintain barriers around areas such as job sites, building grounds, playgrounds, and agricultural fields. Pressure washers and steam cleaners wash away dirt and grime from outdoor surfaces.  |
| Pneumatic Hose & Cable Reels | Coxreels, Legacy, Lincoln, Reelcraft, Speedaire | Pneumatic hose and cable reels keep hose neatly stored yet readily available. They reduce kinking and hold hoses off the ground to minimize tripping hazards. Combination hose reels have dual reels for holding two hoses on one unit. Hose reel mounting brackets attach air hose reels to floors, walls, ceiling, workbenches, and truck beds. Lead hoses connect hose reels to a compressed-air supply.  |

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|---|--|---|
| Portable Evaporative & Misting Coolers | Dayton, Hessaire, Portacool, Power Breezer, Ultracool, Waycool | <p>Portable evaporative and misting coolers have wheels for positioning the coolers within a space or rolling them between locations as cooling needs change. They require no connection to ductwork and have a large tank that supplies water for spot-cooling indoor production lines and warehouses or outdoor sporting events and festivals. The evaporative coolers use wet media (evaporative pads) for cooling surrounding air. The misting coolers add atomized water to surrounding air to cool it.</p>  |
| Portable Generators | Briggs & Stratton, Generac, Champion, Honda, Kohler | <p>Portable generators are standalone power sources that can be carried or rolled where needed to supply primary or back-up power when electricity is unavailable or insufficient. They burn gasoline, propane gas, or another fuel to generate electrical energy for running equipment during power outages or in remote settings. Inverter generators have an electronic alternator that manages power flow to deliver higher quality power and better fuel efficiency than conventional generators. They also require less maintenance and are lighter and smaller for easier transport and storage.</p>  |
| Pumps | Dayton, Franklin, Goulds, Kasco, Little Giant, W.S. Darley | <p>Centrifugal pumps circulate water and transfer liquids. They are commonly used in commercial and industrial applications, such as filtering water, boosting water pressure, and aerating ponds and fountains. Self-priming, portable utility pumps speed up drainage. Corrosion resistant pumps move chemicals and resist damage from acids or chemicals. Booster pumps increase pressure in city mains or residential buildings, and can maximize filtration operations in pond systems.</p>  |

YOUR SOURCE FOR STATION SUPPLIES & FIREFIGHTING SOLUTIONS

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|------------------------|---|---|
| Respiratory Protection | 3M, Avon, Bullard, Draeger, Honeywell, Moldex, MSA, Scott Safety, ILC Dover | <p>Respiratory equipment provides clean air for breathing and protects against harmful fumes or airborne contaminants. Airline filtration and CO monitors remove contaminants and check gas concentration in air supplies. Disposable respirators and dust masks block out airborne particles in emergency situations and dusty work areas. Emergency escape breathing apparatus and escape hoods provide short-term protection from contaminated air so people can evacuate an unsafe area. Fit-testing equipment determines whether a respirator properly fits the user. Respirators and gas masks work with filtration cartridges to supply clean air when working in potentially hazardous environments. SCBA (self-contained breathing apparatus) draws high-quality breathable air from a compressed-air cylinder and delivers it to the attached face mask. PAPR (powered air purifying respirator) pulls surrounding air through a filter and blows the purified air into the attached face mask.</p>  |
| Ropes | Sterling Rope, Petzl, All Gear, Inferno | <p>Grainger carries a wide range of ropes and twines to help with pulling, lifting and towing in industry and marine applications. Browse a large selection, from arborist line to weeping cord, for the rope type, tensile strength, working load limit, length and color that fits the work your operation does. Find twisted, braided and multifilament rope and twine made of nylon, polyester, cotton, jute, polypropylene and more. When it comes to strong, durable ropes, come to Grainger for quality and convenience.</p>  |
| Safety Storage | Eagle, Justrite, Jamco, Briggs & Stratton, Durham, PIG, Scepter Marine | <p>Safety storage includes cabinets, containers, and equipment for storing hazardous materials and readying materials for disposal. Aerosol can recycling equipment depressurizes and cleans out used aerosol cans for disposal or recycling. Biohazard waste cans collect infectious waste to separate it from everyday trash and reduce the risk of accidental exposure. Safety cabinets store and organize containers of chemicals, flammable liquids, corrosives, gases, and other hazardous materials. Safety cans and accessories are used to store, transport, dispense, and dispose of fuels, chemicals, solvents, and corrosives.</p>  |

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|----------------------------------|---|---|
| Scene Lighting | Bosch, Dewalt, FoxFury, Makita, Milwaukee, Pelican, Power Moon, Propac, Prolight, Streamlight | <p>Grainger offers a wide range of portable lighting solutions that can be rapidly deployed in a variety of situations and provide a suitable amount of light for fire-rescue operations. These include lights with extension poles that extend high enough to allow the light to be angled in a downward position for typical operations to prevent blinding of responders. Some models feature multiple levels of lighting allowing run time to be maximized based on the needs of the incident. Other critical features include weather-resistant housing, speed of deployment and stability on uneven surfaces.</p>  |
| Shelving & Storage Racking | Tennisco, Husky, Akro-Mils, Durham, Durahook, Econoco, Edsal, Equito, Hallowell, Lyon | <p>Shelving and storage racks keep tools, materials and other supplies organized and accessible. Bin storage racks, modular units, and pegboard and slatwall organization units are easily modified for changing storage needs. Racks, pallet racks and accessories offer bulk storage and accommodate large items for organizing warehouses and stock rooms. Shelving units provide easily accessible storage for everyday items. Retail displays and accessories showcase merchandise in retail stores.</p>  |
| Smoke Detectors | BRK, Firex, First Alert, Kidde, Safe-T-Alert, Universal Security Instruments | <p>Carbon monoxide and smoke alarms are often the first line of protection when it comes to identifying a problem and evacuating an area. Grainger offers a variety of alarms with interconnection capability, sending an alert to an entire facility if necessary. Carbon monoxide or smoke alarms feature either an electrochemical or ionization detection method. Look to Grainger for your critical safety alarm and warning systems.</p>  |
| Spanner Wrenches | Ampco, Elkay, Facom, Gardner Bender, Gedore, Proto, Westward | <p>Pick up a spanner wrench from Grainger to help unscrew old water pipes, faucets, gas pipes and other pipes that may be difficult to budge. You'll find high-quality spanner wrenches in a number of different sizes to fit most plumbing or gas repair jobs. Shop here for a fixed pin, adjustable pin, adjustable face, adjustable hook spanner wrench and more. Get the rugged spanner wrench you need from Grainger!</p>  |
| Sports Drinks & Thirst Quenchers | Gatorade, Sqwincher, All Sport, Overtime, Propel, Quench | <p>Sports drinks and thirst quenchers keep workers hydrated after physical exertion. They are for high-heat environments to reduce heat stress related illness.</p>  |

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|------------------|---|--|
| Storage Cabinets | Akro Mils, Durham, Edsal, Hallowell, Jamco, Lista, Stanley Vidmar, Strong Hold, Tennsco | <p>Cabinets and bins provide a place to store and organize frequently used tools and supplies. Bin cabinets, drawer bin cabinets, and floorstanding or tabletop drawer cabinets are adaptable solutions for organizing screwdrivers, fasteners, and other small tools. Shelf cabinets and storage cabinets offer larger spaces for keeping larger tools and packages. Medical cabinets are designed to keep delicate and expensive medical supplies safe and organized. Cabinet bins and accessories are available to expand cabinet functionality and storage capabilities.</p>  |
| Thermal Imagers | FLIR, Seek, Fluke, Avon Protection | <p>Thermal imagers can potentially save more lives and protect property by increasing two vital parts of an emergency call, speed and safety. They can be utilized by firefighters to quickly locate victims and hot spots when every second counts. Thermal imagers can also help firefighters find their way out in zero visibility conditions, reducing mayday calls.</p>  |
| Traffic Control | Aervoe, Brady, CH Hanson, Cortina, Flarealart, Powerflare, Presco, Tapco | <p>Traffic-control equipment marks boundaries, creates barriers, and provides direction for managing traffic on roads and inside facilities. These traffic safety products help prevent collisions and traffic backups. Barrier tapes and pavement markers identify closed off areas, traffic lanes, survey sites, and more. Traffic barrels, drums, barricades, cones, and delineator posts form temporary lanes and block sections of road during road construction. Parking curbs, speed bumps, and stop/slow paddles help control traffic speed and flow. Traffic warning flags alert people to truck traffic hazards such as wide loads and nearby vehicles. Windssocks alert pilots and air traffic controllers to wind direction and speed and are used in industrial settings to indicate wind direction in the event of a gas or chemical leak.</p>  |

| CATEGORY | BRANDS | RANGE OF PRODUCTS |
|--------------------------|---|---|
| Water Rescue | Condor, Ferno, FSI North, Mustang Survival, Stearns | <p>Water-safety products that are commonly used by emergency teams provide equipment for people to protect themselves or assist others who are working on, in, or near bodies of water. This equipment is commonly used by emergency teams responding to water rescues and floods. Immersion survival and rescue suits block out water, protect against hypothermia, and aid flotation. Life jackets and PFDs keep people afloat in deep or unpredictable waters. Water-rescue equipment includes ring buoys for helping distressed swimmers and rescue boats for escaping sinking or capsized ships.</p>  |
| Wildland Fire Hand Tools | Council Tool, Flamefighter, Gerber, Nupla | <p>Wildland fire hand tools include equipment to reach into undergrowth, dig up ground, cut through wood, and swat out flames in a heath.</p>  |
| Wildland Fire Pumps | Field King, Gemtor, Indian, Genfo Back-Pack | <p>Wildland fire pumps allow wildfires to be attacked more aggressively for containment. Portable refillable tanks can be taken out into the field to dispense fire retardant and fire smothering materials.</p>  |
