### Hazard Communication

**Instructions:** This checklist is intended to help you identify potential hazards in your workplace. The questions are based on applicable Federal OSHA standards. Keep in mind that additional state and local regulations may apply, depending upon your location. Please check one answer for each question. If you select “no,” you should investigate further to determine what corrective action may be needed to address the hazard. You can review the specific OSHA Standards outlined below at [www.osha.gov/law-regs.html](http://www.osha.gov/law-regs.html). Choose “General Industry” or “Construction.”

	Questions	OSHA Regulation	Yes	No	N/A
	<b>Hazard Communication Program</b>				
1)	Does the employer have a written hazard communication program that includes information on labeling, safety data sheets (SDS), and employee information and training?	1910.1200(e)(1)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2)	Does the employer have a list of hazardous chemicals known to be present in the workplace?	1910.1200(e)(1)(i)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3)	Are methods developed for communicating hazards to outside contractors or vendors who may be exposed to hazardous chemicals at your worksite?	1910.1200(e)(2)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4)	Does the employer provide employees with training and information on hazardous chemicals in their workplace at the time of their initial assignment, and whenever a new hazard is introduced into the work area?	1910.1200(h)(1)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	<b>Labels</b>				
5)	Are all containers of hazardous chemicals in the workplace, labeled, tagged, or marked with the following information: product identifier; signal word; hazard statement(s); pictogram(s); precautionary statement(s); and name, address, and telephone number of the chemical manufacturer, importer, or other responsible party?	1910.1200(f)(1)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

# Hazard Communication

	Questions	OSHA Regulation	Yes	No	N/ A
	<b>Labels</b>				
6)	Does the employer ensure that workplace labels or other forms of warnings are legible, in English, and prominently displayed on the container, or readily available in the work area throughout each work shift?	1910.1200(f)(10)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7)	Is removal or defacing of labels on incoming containers of hazardous chemicals prohibited?	1910.1200(f)(9)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	<b>Safety Data Sheets</b>				
8)	Does the employer have a safety data sheet in the workplace for each hazardous chemical which they use?	1910.1200(g)(1)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
9)	Does the employer maintain safety data sheets (SDS) in the workplace for each hazardous chemical and ensure that they are accessible during each work shift?	1910.1200(g)(8)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
10)	If a hazardous chemical has no safety data sheet, are attempts made to obtain one from the chemical manufacturer or importer as soon as possible?	1910.1200(g)(6)(iii)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**Safety Checklist Disclaimer:** This safety checklist (the "Material") is made available to the user or other receiver of the Material for general informational purposes only. The Material has been developed with consideration of various factors relevant to the subject area, including federal laws and regulations in effect at the time the Information was created and/or certain good management practices relevant to the subject area. Because every industry and/or workplace presents unique circumstances, the Material does not constitute and is not intended to provide specific advice, assurances, or guarantees concerning any user's compliance with particular regulatory requirements (e.g., OSHA) or other applicable safety and/or health requirements or good management practices. The Material does not constitute training and does not replace the need to properly train all employees nor is the Material a substitute for an assessment of any safety or health hazards present at your facility by a health or safety professional or expert. Users are advised to consult with a legal or other professional advisor concerning specific regulatory compliance requirements applicable to their workplaces and appropriate use of the Material.
