With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

| CATEGORY  | BRANDS   | RANGE OF PRODUCTS   |
|---|--|---|
| <a href="#">Arm Slings</a>                          | Grainger Approved, DMI, First Aid Only   | <p>Arm slings support and immobilize an arm to aid the healing process after an upper-body injury or surgery. They fit around the arm and strap over the shoulder to limit arm movement and keep the arm against the body to prevent further injury. Sometimes called shoulder slings, arm slings are often used to cradle a fractured arm or wrist, stabilize a dislocated shoulder or cracked rib, and support the weight of an arm after a stroke or rotator cuff surgery. They're typically made of breathable fabric to avoid heat and moisture buildup that can cause discomfort.</p> |
| <a href="#">Aspirators and Suction Equipment</a>    | Ambu, Ferno, Medsource   | <p>Aspirators and suction equipment remove bodily fluids from patients and maintain operational sites during surgery. They are also used to clear airways in respiratory emergencies.</p>   |
| <a href="#">Backboard and Stretcher Accessories</a> | DMS, DQE, Ferno, Iron Duck, Kong USA, Medsource, Morrison, Quantum EMS, RexOne | <p>Backboard and stretcher accessories are used with backboards and stretchers to prevent further incident after a potential spinal injury.</p>   |
| <a href="#">Backboards</a>                          | Ferno, FSI, Iron Duck, Medsource   | <p>Backboards, also known as spinal boards, are flat boards with handles that are used to transport patients. The hard surface keeps patients flat in case of a spinal injury.</p>  |
| <a href="#">EMT Trauma Kits</a>                     | North American Rescue, Medsource, First Aid Only, EMI                          | <p>EMT trauma kits include a selection of triage equipment for treating major and life-threatening injuries. They contain items to stop blood loss, treat broken bones, and treat other traumatic injuries, as well as apply other first aid.</p>   |
| <a href="#">Cervical Collars</a>                    | Ambu, DMI, Ferno, Impacto, Medsource, Grainger Approved                        | <p>Cervical collars, also known as neck braces, are therapeutic devices that hold the head and neck in place. They are worn by patients to relieve chronic neck pain or for neck pain that occurs after surgery or another trauma.</p>  |
| <a href="#">First Aid Cots</a>                      | Ferno  | <p>First aid cots have wheels and safety restraints for safe patient transfer, and collapse for loading into an ambulance without lifting. They are used in hospitals and at emergency scenes.</p>  |
| <a href="#">CPR Mask Kits</a>                       | Ambu, Dynarex, EMI, First Aid Only, Honeywell, Medsource, Microshield          | <p>CPR mask kits protect rescuers from infection as a result of direct mouth contact when performing CPR. Kits include masks and may include filter shields, gloves, mouthpieces, and other protective devices.</p>   |

# EMERGENCY MEDICAL SERVICES EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

|   |  |  |   |
|---|--|--|---|
| <p><b><u>Defibrillators</u></b></p>                             | <p>Defibtech, First Voice, Physio Control, Zoll</p>  | <p>Defibrillators generate an electrical current and deliver that current directly to a cardiac arrest victim's chest to restore their heartbeat to its regular rhythm. They are portable so they can be taken directly to an emergency scene.</p>   |    |
| <p><b><u>Disposable and Chemical Resistant Clothing</u></b></p> | <p>Ansell, DuPont, Condor, International Enviroguard, 3M, Lakeland</p>                               | <p>Disposable clothing and chemical-resistant clothing items offer protection for employees working with liquids in laboratory and industrial settings. Disposable aprons, hoods, and gowns provide a barrier against light splashing of specific fluids, depending on material construction. Chemical-resistant clothing, such as gloves, hoods, aprons, eyewear, and lab clothes, can prevent direct contact with chemicals. Encapsulated chemical suits offer full-body protection from occupational hazards.</p>   |    |
| <p><b><u>Disposable Gloves</u></b></p>                          | <p>Microflex, Ansell, Condor, Showa</p>  | <p>Disposable gloves create a barrier between your hands and objects you are handling to keep hands clean and protected and keep oils and dirt on your hands from transferring to the objects. Single-use gloves are throw away after each task to prevent cross contamination. Thinner gloves offer higher dexterity and better touch sensitivity, while thicker offer more protection for hands. Single-use disposable gloves are worn in laboratories, food service, cleanrooms and sterile environments, and when cleaning or performing janitorial tasks.</p> |   |
| <p><b><u>EMT Tools and Tool Sets</u></b></p>                    | <p>Channellock, Claus, EMI, First Aid Only, Medsource, Mabis, Quic-Bar, Zico</p>                     | <p>EMT tools and tool sets are used for treating patients in ERs and at disaster and emergency scenes.</p>   |  |
| <p><b><u>Head Immobilizers</u></b></p>                          | <p>Medsource, Ferno, Ambu, DMS</p>   | <p>Head immobilizers use blocks and straps to secure a patient's head while they are being moved from an incident scene. They are used with backboards to prevent further incident after a potential spinal injury.</p>  |  |
| <p><b><u>Medical Equipment Bags and Cases</u></b></p>           | <p>Meret, Pelican, Medsource, Iron Duck, Flambeau, Fieldtex, Ferno, EMI, DMS, Coaxsher, Ergodyne</p> | <p>Medical equipment bags and cases hold supplies and equipment used by medical professionals attending to accident scenes, emergency calls, and in-home health exams. Also known as response bags, trauma bags are large, soft-sided bags carried by first responders. Pannier bags are soft-sided bags that fit onto emergency medical services (EMS) bikes. Fanny packs strap around the waist to keep supplies close at hand. Hard-shell cases keep first aid supplies and medical equipment organized and protected.</p>                                      |  |

# EMERGENCY MEDICAL SERVICES EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

## Medical Diagnostics and Monitoring Equipment

Dynarex, EMI, First Aid Only, HCS, Littman, Mabis, Medsource, Maxtec

Medical diagnostics and monitoring equipment measures vital signs and tracks patient status. This equipment is commonly used in hospitals, doctor's offices, and other medical settings. Blood glucose monitors, blood pressure monitors, pulse oximeters, and other medical diagnostics tools provide information for evaluating patient health. Fall monitoring systems, patient wandering devices, and patient monitors alert caregivers when people need assistance or attention.

## Medical Scissors & Shears

EMI, First Aid Only, Honeywell North, Leatherman, Mabis, Medi-First, Physicianscare

Medical scissors and shears cut through bandages, clothing, and other materials during exams, first-aid, and emergency-care situations. Their blade sits flush against the skin to reduce the risk of accidental nicks and cuts. Lister bandage scissors and other medical scissors have slimmer blades than medical shears and provide precise control when removing bandages and dressings or cutting through thin materials. Also known as trauma shears, medical shears have a large offset handle that increases leverage when cutting tough materials such as seatbelts, denim, and leather.

## Patient Transfer and Transport

DMI, DMS, Ergodyne, Evac-Chair, Ferno, First Voice, Heelbo, Medsource, Megamover, Sandel

Patient transfer devices get patients safely from one place to another. They are used in hospitals and at disaster and emergency scenes.

## Sharps Containers

Covidien, First Aid Only, Medsource, Sharps Assure, Stericycle

Sharps containers are puncture-resistant boxes that keep needles, lancets, and other medical supplies with sharp edges contained for disposal. They help prevent cuts and accidental exposure to contaminated medical waste. Their specially designed lid allows sharps to be deposited in the container while preventing them from being easily removed.

## Splints

DMS, Dynarex, Econo, EMI, Ferno, First Aid Only, Honeywell, Medsource

Splints are small devices for immobilizing injured limbs and extremities. They are used for treating fractures, sprains, and strains, to aid with healing. Splints are used as an alternative to casting and can be implemented more quickly than casts.

## Stretchers

Ferno, Grainger Approved, Honeywell, Kong USA, Medsource, Morrison, North American Rescue, RexOne

Stretchers are patient transport devices used to immobilize and move victims from the scene of an emergency. They are for general patient transport when spinal injury does not appear to be a concern.

# EMERGENCY MEDICAL SERVICES EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

## [First Aid Tweezers and Forceps](#)

Dynarex, EMI, First Aid Only, Grainger Approved, Heathrow Scientific, Honeywell, Mabis

First-aid tweezers and forceps have slim tips for grasping items that are too small or difficult to grip with fingers. They are also used to avoid skin-to-skin contact when changing dressings or bandages and removing splinters, insect stingers, gravel, and other foreign objects from the skin, which helps prevent infection. Tweezers are also used for removing unwanted hair in grooming tasks. Specialized forceps are used in surgical procedures for clamping blood vessels and handling tissue.

## [Body Armor](#)

5.11 Tactical, GH Armor, Blackhawk, United Shield

Grainger offers an extensive array of body armor at excellent prices. With over 1,300 choices, find the tactical vest, cutaway armor, carrier vest and specific body part protective armor that can fit your needs. Help ensure security and police officers stay as safe as possible on the job.

## [Tactical Boots](#)

5.11 Tactical, Bates, Oakley, Propper, Reebok, Thorogood

Tactical boots are designed for professionals who put their lives on the line every day at work. A flexible choice for law enforcement, firefighters, military, EMS personnel, tactical operators, and more. Tactical boots are designed to handle rugged terrain while still offering breathability. They feature non-slip traction for use in the mud, on rocks, or over other hazardous terrains. These boots come in a variety of styles and sizes, including both women's tactical boots and men's tactical boots. Some just lace-up, and others have side zippers that allow you to take them on and off your foot quickly. These boots come in various heights for more ankle support. Tactical boots are available in several colors like brown, coyote, sage green, gray, desert tan, and black, to match any uniform requirement.

## [Tactical Vests](#)

5.11 Tactical, Barska, Blackhawk, GH Armor, Propper

Grainger is a leading supplier of tactical vests and other body armor at great prices. Quickly and easily find protective armor that can fit your security management and law enforcement needs. Grainger offers a variety of tactical vests in an array of colors, sizes and functions to help meet your mission and other personal security needs.

## [Uniform Accessories](#)

Blackhawk, Gould & Goodrich, Heros Pride, Propper

Grainger provides uniform accessories, ideal for security management and law enforcement personnel. Our accessories include everything you need to make wearing uniforms more comfortable and adjustable. Shop for elastic shirt stays, rubber shirt keepers, collar extenders, tie bars and more to look your best on the job. Most products are adjustable, putting the wearer in control.

|  |   |  |   |
|--|---|--|---|
| <p><a href="#">Uniform Patches, Emblems &amp; Insignia</a></p> | <p>ASP, GH Armor, Heros Pride</p>   | <p>Show off you patriotic side with our uniform patches and emblems that put Old Glory on display. Browse through other memorabilia that pays homage to the American military, law enforcement and other government agencies. Our products are excellent for those in the government, military, and add a layer of patriotism to any uniform.</p>  |    |
| <p><a href="#">Uniforms</a></p>                                | <p>5.11 Tactical, Propper, ASP, First Tactical, Cobmex, Horace Small, Tru-Spec, Vertx, Flying Cross</p> | <p>Police and EMT uniforms are worn by law enforcement officers, firefighters, and emergency medical technicians. Jackets and parkas protect staff from rain and cold weather. Matched pants, shirts, and shorts help civilians identify law enforcement officers and public safety personnel.</p>   |    |
| <p><a href="#">Food Service Appliances and Equipment</a></p>   | <p>Procter-Silex, Waring Commercial, Bunn, Cambro, Vollrath, Crestware, Hamilton Beach</p>              | <p>Stock your kitchen with reliable commercial kitchen equipment from Grainger. Grainger offers an extensive selection of blenders, grinders, food processing equipment, fryers and grills. We also carry supplies, like slicers and vacuum sealers, to help you prep and store food safely. Equip your kitchen with restaurant appliances you can trust.</p>  |    |
| <p><a href="#">Food Service Cookware and Preparation</a></p>   | <p>Vollrath, Chicago Metallic, Crestware, Carlisle, Taylor, Phoenix, Rubbermaid</p>                     | <p>Keep back-up food prep, cookware and utensils on hand in your kitchen. Grainger offers basic food service necessities, like cutlery, and pots and pans, as well as more complex supplies like food safety sanitizing and training kits. Our selection of portable food safety sinks is ideal for areas that need additional hand washing stations. Steam table pans and covers are also available and are a food service staple for many kitchen operations. Find your food service and hospitality supplies in one convenient place.</p> |  |
| <p><a href="#">Food Service Disposables and Dispensers</a></p> | <p>Grainger Approved, Dixie, Dart, Solo Cup, Pactiv, Daymark</p>  | <p>Stock your dining area self-serve dispensers with plastic utensils, plates and cups. Organize condiments in self-serve centers or help control waste with condiment pumps. Keep napkin dispensers and plastic cutlery stocked during peak times. Cereal and snack dispensers are easy to use and refill. Make packing up carry-outs easier with disposable containers and food wrap supplies.</p>   |  |
| <p><a href="#">Food Service Storage and Transport</a></p>      | <p>Cambro, Rubbermaid, Cortech, New Age, Crestware</p>  | <p>Help keep a clean and safe kitchen with the appropriate storage and food transport supplies. Countertop holding drawers and knife blocks help keep common tools or utensils safely accessible. Whether you need delivery carts, food carriers or warmers for a buffet, let Grainger be your single source for food service and hospitality needs.</p>   |  |

# EMERGENCY MEDICAL SERVICES EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

## [Batteries & Battery Chargers](#)

Duracell, Energizer, Rayovac, Dayton

Batteries and battery chargers provide power and portability to electrical devices and equipment. Original equipment manufacturer (OEM) batteries can replace manufacturer-specific batteries in compatible devices such as cordless tools, lanterns, and two-way radios. High-performance batteries provide increased capacity to handle spikes in power demand from high-drain devices such as digital cameras, thermal imagers, digital audio, drones, video game controllers, GPS equipment, and keyless entry systems. Rechargeable batteries can be used repeatedly without the need for constant replacement. Battery chargers replenish the power of depleted rechargeable batteries.

## [Handheld Flashlights](#)

Maglite, Streamlight, Pelican, Princeton Tec, Surefire, Fenix Lighting, Bright Star

Use handheld flashlights from Grainger for any number of industrial, military and security applications. Rugged, waterproof military and tactical flashlights can withstand hazardous situations. Police often employ a UV flashlight at crime scenes. LED flashlights can offer long life and reliability, while xenon flashlights can be brighter and even more energy efficient. Choose durable, long-lasting handheld flashlights from Grainger to help provide light in dark situations.

## [Light Bulbs & Lamps](#)

GE Lighting, Philips, Lumapro, Light Efficient Design, Shat-R-Shield

Light bulbs and lamps install into light fixtures to provide general area lighting or more focused lighting for specific applications. Standard light bulbs fit a large variety of light fixtures. Linear light bulbs are straight, tube-shaped bulbs with bases on both ends. U-bend light bulbs are tubed-shaped linear bulbs that have been bent into a U shape to allow them to fit into fixtures where there is limited space for a bulb. Circline and plug-in (PL) bulbs plug into matching sockets on compatible light fixtures. Miniature light bulbs are small enough to fit in tight spaces and don't draw a lot of energy. Spot, flood, and reflector light bulbs and lamps direct light through the top of the bulb to increase the bulb's light output and shape the beam of light.

## [Penlights & Inspection Lights](#)

Streamlight, EMI, Pelican, Maglite

Grainger carries penlights that offer a highly concentrated beam of light in a compact design ideal for a variety of tasks from checking pupil response to pinpointing mechanical issues.

|   |  |   |   |
|---|--|---|---|
| <p><b>Spotlights</b></p>                      | <p>Streamlight, Pelican, Brinkmann, Princeton Tec, KH Industries</p>                     | <p>Get yourself a high-quality spotlight from Grainger for those times when you need more light than a standard flashlight can provide. Tuck a spotlight with emergency flashers behind your truck seat for those unexpected visits to the side of the road. Look at spotlights with tempered glass lenses if you work in rugged environments.</p>  |    |
| <p><b>Cleaning Chemicals</b></p>              | <p>Diversey, Clorox, Windex, Pine Sol, Simple Green, Lysol, Tough Guy, 3M, Zep</p>       | <p>Cleaning chemicals clean, degrease, sanitize, and disinfect to help maintain your facility. Non-solvent and solvent-based degreasers dissolve contaminants from parts. Disinfectants and sanitizers like bleach are cleaning agents that clear away germs. Adhesive removers remove sticky substances such as wood glue, grease, and tar.</p>  |    |
| <p><b>Cleaning Supplies</b></p>               | <p>Tennant, Dayton, Rubbermaid, Hoover, Tough Guy, Sanitaire, 3M</p>                     | <p>Bathroom cleaning supplies and equipment are used to clean restrooms and keep them in working order. Cleaning tools like brushes, brooms, dusters, and squeegees have handles to make it easier to access hard-to-reach areas. Floor cleaning tools are used to dust, mop, and polish floors. Cleaning rags, shop towels, and dust cloths clean off grime, wipe away dust, and soak up spills. Holders and dispensers like housekeeping carts, totes, and buckets are for carrying supplies and cleaning solutions from job to job.</p>  |   |
| <p><b>Hand and Personal Care</b></p>          | <p>OPS, GOJO, Scrubs, Georgia Pacific, Ability One, Purell, HOSPECO, Dial, Tough Guy</p> | <p>Hand and personal care products are hygiene products that help encourage germ control and cleanliness in correctional facilities, hospitals, and workplaces. Facial, body, and hair care products like shampoo and body wash promote healthy hair and skin. Hand care products such as soap, cleaner, and sanitizer help support effective hand washing. Feminine care products include tampons, sanitary napkins, and other personal hygiene products. Incontinence supplies include disposable underpads, pull-on pants, and seat pads. Oral care products such as toothbrushes and dental floss help prevent tooth decay and gum disease.</p> |  |
| <p><b>Paper Products &amp; Dispensers</b></p> | <p>Georgia Pacific, Tough Guy, Ability One, Hospeco</p>                                  | <p>Paper products are disposable, sanitary items typically used in hotels, restaurants, medical facilities, and workplaces to encourage cleanliness. Door handle tissues provide a shield between hands and door handles while facial tissues are soft and used for more delicate cleaning. Toilet paper and toilet seat covers promote hygiene in restrooms and provide comfort to visitors. Paper towels are disposable, absorbent rolls and sheets used to clean up spills and wipe surfaces and equipment. Automatic and manual dispensers keep paper products handy while dispensing one sheet at a time to reduce waste.</p>                  |  |

# EMERGENCY MEDICAL SERVICES EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

## Waste, Recycling & Trash Supplies

Tough Guy, Rubbermaid, Ability One, Hospeco, Glad

Waste, recycling, and trash supplies are used to collect, sort, and transport trash and recycling materials. Trash supplies include cans and receptacles to encourage people to sort and dispose of trash correctly and help reduce litter. Bin liners and trash bags help keep cans clean, make it easier for workers to collect trash, and keep trash contained. Compactors reduce the volume of collected trash so the trash takes up less space in dumpsters. Pickers, grabbers, and self-standing receptacles are used in litter collection tasks and landscaping operations.

## General Purpose Gloves

Ansell, Showa, Condor, Hexarmor, Ironclad, MCR Safety, BDG

General purpose gloves keep hands clean and protect hands from minor abrasion in low-risk environments. Task and chore gloves are lightweight gloves used to keep hands clean and protect against scrapes and abrasions in low-risk environments. They are used in general warehouse and shipping tasks, landscaping, light assembly, general maintenance, and light automotive work. Coated knit general purpose gloves are more abrasion resistant than uncoated gloves. Leather general purpose gloves provide a balance of abrasion resistance and dexterity and are often used in construction, carpentry, general maintenance, and landscaping.

## Hearing Protection

3M Peltor, Condor, Honeywell Howard Leight, Moldex

Hearing protection devices are worn on or in your ears to protect against hearing loss in environments with potentially hazardous noise levels. These protective ear muffs or ear plugs typically have a noise reduction rating (NRR) specifying the decibels (dB), or sound intensity, by which they reduce sound levels. OSHA standards call for hearing protectors that reduce exposure to below 85 dB over the course of an average 8-hour work shift to avoid noise-induced hearing loss (NIHL). Hearing protection is commonly used wherever loud machinery is being operated such as at factories, mills, mines, construction sites, landscaping operations, and medical testing facilities.

## Safety Glasses

Edge Eyewear, Bolle Safety, Honeywell UVEX, Pyramex, Condor, Radians, Revision Military

Safety glasses shield a worker's eyes to prevent eye damage. They block dirt, dust, debris, chemicals, or liquids from entering the eyes. Glasses have lenses that provide visibility. Safety glasses are commonly worn in laboratories, construction or landscaping sites, manufacturing facilities, automotive repair shops, or woodworking environments.

# EMERGENCY MEDICAL SERVICES EQUIPMENT

With over 1.5 million items to choose from, Grainger carries the products, supplies and equipment you need to help get your job done.

|   |  |  |   |
|---|--|--|---|
| <p><b><u>Padlocks</u></b></p>                           | <p>MasterLock, Best, American Lock, Abus</p>                                 | <p>Padlocks secure doors or gates from unauthorized access and lock up equipment to protect valuable items from theft. Heavy-duty cables and cable locks protect equipment, tools, and trailers from theft. Combination locks secure lockers or luggage. Weather-resistant models won't corrode in rain, sleet, or snow, while covered padlocks feature a shroud for added protection and long service life. Padlock guards protect against vandalism and damage from bolt cutters or inclement weather.</p> |    |
| <p><b><u>Key Control &amp; Identification</u></b></p>   | <p>Best, Grainger Approved, KABA Ilco, Lucky Line Products, Barska</p>       | <p>Key control and identification products manage keys and access to buildings. Key duplicators cut copies of keys. ID printers produce employee identification cards, security badges, and loyalty or gift cards onsite. Locking key cabinets store and secure keys, and key rings, clips, and accessories help organize keys. Lockboxes secure keys to vacant properties.</p>  |    |
| <p><b><u>Security Alarms and Warnings</u></b></p>       | <p>Linear, Honeywell, Alarm Lock, Detex, Safety Technology International</p> | <p>Security alarms prevent theft and sound warnings in case of emergency. Magnetic door alarms prevent unauthorized use of emergency door exits. Wireless alarm systems and motion detectors protect tools and equipment from theft at a jobsite. Access control transmitters and receivers transmit and receive electronic signals that activate security devices such as doors, cameras, or alarms.</p>  |   |
| <p><b><u>Safes</u></b></p>                              | <p>Sentry Safe, Mesa Safe Company, Stack-On, Barska</p>                      | <p>Safes are locking storage boxes that protect valuable documents and possessions from theft and damage. Floor and wall safes can be mounted permanently in a building. Fire safes can withstand high temperatures and protect important documents. Gun safes secure weapons and ammunition along with paperwork and valuables. Locking medical storage cabinets store medications, narcotics, and patients' belongings.</p>  |  |
| <p><b><u>Two Way Radios and Police Scanners</u></b></p> | <p>Motorola, Banshee, Uniden, 3M, Midland, Cobra</p>                         | <p>Two-way radios, police scanners, and vessel automatic identification systems are real-time communication devices. Two-way radios allow people to listen and talk to one another across a dedicated radio channel. Police scanners receive communication from law enforcement, fire, and medical emergency services. Vessel automatic identification systems allow boats to receive and transmit identification information such as vessel names and location.</p>   |  |
