KeepStock VENDING

Here's an ideal option when you need to control access to your consumable inventory or durable items that are used and returned. KeepStock Vending offers secure 24/7 access to key items at their point of use. You’ll spend less time searching for products and more time getting work done.

We’ll help you select the right machine and products to manage. You can set limits by quantity, job, shift and total dollars. Employees simply scan their ID badge or enter their employee code to access authorized items. Plus, you get detailed, real-time reporting to help you better manage your budget.

- **Point-of-use dispensing** reduces time spent going to and from storerooms
- **Increased controls** drive cost savings and product compliance
- **Controlled consumption** reduces unauthorized spend and shrinkage
- **Optimized inventory** helps reduce total inventory and minimize stockouts
- **Improved visibility** to user and spend trends with detailed, real-time reporting

Combine KeepStock Vending with our other inventory solutions to give you even more visibility and control. Whether you need web-based, do-it-yourself tools or onsite support to manage your inventory for you, we’ll create custom solutions to help keep your business running.
