Are you inundated with voice mail, email and sticky note requests from users in the field for the products they need to get the job done? **ePro Mobile** is the solution for integrated customers that helps streamline these manual processes.

From your phone to their approval means field users can use their mobile devices to request the products they need and electronically submit them to you for review and purchase. It's another advantage of your integrated Grainger shopping experience.

**CONTACT SEAN FORAN,  
ECOMMERCE PROGRAM MANAGER:

AND FIND OUT MORE!**

## WHAT IT DOES:

- Provides seamless digital communication between end-users and purchasers
- Utilizes a mobile device to submit product requests
- Enhances users' experience by utilizing all Grainger mobile tools, such as barcode scanning
- Leverages the familiar and easy-to-use Punchout tool for Purchasers

## WHY THEY NEED IT:

- Eliminates need for multiple requisition-to-order tools
- Improves productivity and reduces operational costs
- Creates easily accessible information on product selection and availability
